

Global Macro Economics

Annalisa USARDI, CFA
Head of Advanced Economy Modelling, Senior Economist

Annalisa Usardi is Head of Advanced Economy Modelling at Amundi Investment Institute. Annalisa has been covering macroeconomics since 2010 with a special focus on advanced economies, and contributes to Amundi's Global Economic Outlook, supporting decisions in the Macro Strategy Group and for investment platforms. She is also involved in advisory activity with institutional and third-party clients.

Annalisa joined Amundi in 2002. Prior to this, Annalisa was an Asset Allocation Analyst focusing on fixed income since 2009, and an Institutional Portfolio Manager in Dublin, specialising in multi-asset portfolios for institutional clients. Previously, she was a Financial Engineering Analyst, co-managing the portfolio collateral for the Pioneer Commodity Alpha Fund.

Annalisa holds a Master's degree in Applied Econometrics from the University of Pavia (2002). She is a CFA Charterholder and an active member. In 2015, Annalisa contributed to the development of the CFA Society Index, the CFA – Radiocor Financial Business Survey.
